

## Friends of Coronation Gardens 2020-21 Financial Review

### Section A: Overview

The aim of this financial review is to provide an overview to our members and the wider community as to our financial status from our commencement as an organisation to the accounting period ending 31 March 2021. This financial review was produced some time after the end of the reporting period, and includes only summary financial details.

Our main source of funding for this period included donations, grants, and membership fees. We have continued to use funds to help establish and raise awareness of FcCG. During the year we have had to cancel/postpone much planned activity because of COVID-19.

### Section B: Financial Statement for the Period Ending 31 March 2021

#### Total Funds to the nearest £
